

# ARVURIDA 1–16

197. Loe arvu-rida.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16				

198. Kirjuta antud arvule järgnev arv.

1   1	1   5	1   0	1   4
-------	-------	-------	-------

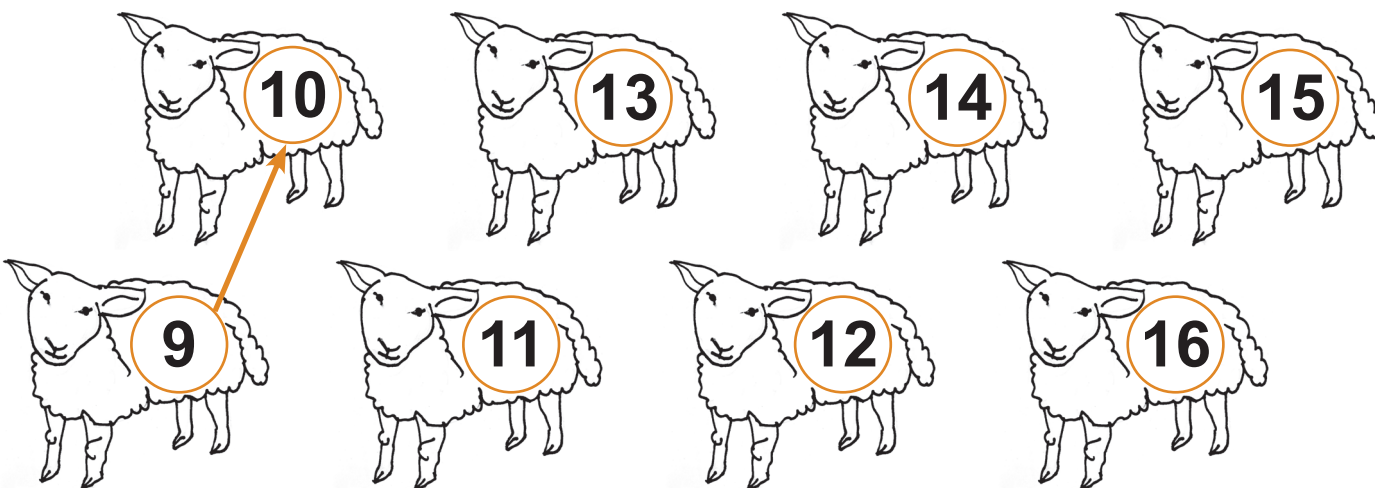

199. Kirjuta antud arvule eelnev arv.

1 6	1 1	1 3	1 5
-----	-----	-----	-----

200. Kirjuta antud arvule eelnev ja järgnev arv.

○   12   ○	○   15   ○	○   9   ○
------------	------------	-----------

201. Ühenda joonega arvu-rida.

202. Kirjuta puuduvad arvud.

A number path puzzle consisting of a zig-zag line of boxes. The boxes contain the numbers 9, 11, 12, 14, and 15. Between the boxes are illustrations of a pig, a rabbit, and a sheep. Below the path are three boxes, each containing an illustration of one of the animals and an empty space for writing a number.

203. Kirjuta puuduvad arvud. Loe arvu-rida.

A number path puzzle consisting of a zig-zag line of circles. The circles contain the numbers 11 and 10. The other circles are empty for the student to write the missing numbers.

204. Leia lamba tee (1–16) talleni. Liigu (l, -).

A grid puzzle for finding a path for a sheep from 1 to 16. The grid contains numbers in a 4x8 layout. The starting point is a sheep illustration at the top left, and the ending point is a lamb illustration at the bottom right.

		3	2	6	7	10	9
		1	2	5	8	9	10
